PROFILE

UI/UX Designer & Frontend Developer with strong skills in wireframing, prototyping, and user-focused design. Experienced in creating responsive and visually engaging web interfaces. Passionate about crafting seamless digital experiences and delivering meaningful product solutions.

EDUCATION

Bachelor of Commerce (Banking & Insurance) 06/2022 – 05/2025
Puratchi Thalaivi Amma Government Arts and Science College Tiruppur, India

SKILLS

- Figma
- Photoshop
- Adobe Illustrator
- Canva
- Capcut
- HTML & CSS
- Bootstrap
- JavaScript

PROJECTS

B Trip – AI Travel Planning App (UI / UX Design) 11/2025 – 02/2026

- Conducted user research and created user personas to understand budget travelers' needs. Identified key pain points in trip planning and booking experience.
- Defined clear user flows for trip planning and booking process. Ensured smooth navigation from selecting destinations to completing bookings.
- Designed low-fidelity wireframes (Lo-Fi) to outline app structure and screen layouts. Focused on usability, layout clarity, and content placement.
- Converted wireframes into high-fidelity (Hi-Fi) prototypes using Figma. Added visual design elements like colors, typography, and interactions.
- Designed key features like train & bus ticket booking and group trip planning with friends. Included AI-based budget suggestions and reward-based gamification features.
- Focused on simple navigation and user-friendly interface across all screens. Ensured a smooth and seamless booking experience.
